Aroostook County  
Mars Hill, Maine  
A-911-71-B-M**

**Departmental  
Findings of Fact and Order  
Air Emission License  
Amendment #1**

After review of the air emissions license amendment application, staff investigation reports and other documents in the applicant's file in the Bureau of Air Quality, pursuant to 38 M.R.S.A., Section 344 and Section 590, the Department finds the following facts:

**I. REGISTRATION**

**A. Introduction**

1. Fresh Way, Inc., doing business as Naturally Potatoes located in Mars Hill, Maine was issued Air Emission License A-911-71-A-N on December 10, 2004 permitting the operation of emission sources associated with their potato processing facility. The license was subsequently transferred to Naturally Potatoes a Basic American Foods Division, LLC (Naturally Potatoes).
2. Naturally Potatoes has requested a minor revision to their license in order to revise the licensed heat input rating of Boiler #2.

**B. Revision Description**

Boiler #2 was originally licensed with a maximum heat input of 16.7 MMBtu/hr. The boiler that was actually installed has a maximum heat input rating of 20.4 MMBtu/hr. This revision will not affect the facility's licensed fuel limits or annual emissions.

**C. Application Classification**

This amendment will not increase licensed annual emissions of any pollutant. Therefore, this modification is determined to be a minor revision and has been processed as such.
